

**GEORGIA BAPTIST
BIBLE DRILL**

**Youth
Bible Drill
Administrative
Guide**

Revised 2020

Introduction

Georgia Baptist Bible Drill and Speakers, Inc. is excited about your interest in Bible Drill. This ebook is designed to assist you as you begin to develop a Bible Drill ministry in your church. It is an important resource that will help lead your youth to love and respect God's Word. The purpose of this ebook is to provide uniform procedures as you teach, train and conduct the drills. This is the guide for Georgia Bible Drills and is the standard by which the Drills are judged.

Bible Drill empowers youth to learn to express their faith and hide God's Word in their hearts. As they learn to appreciate and respect the value of scripture memorization, they will come to see how scripture can impact their lives for good and for God's glory. Regardless of their drill scores, all drillers are winners because of the dedication and commitment they will experience as Bible drillers.

Along with memory skills, the drillers learn that 'God's Word is a lamp unto their feet' and that the Bible should be handled correctly and with proper respect. Drillers are taught the importance of honesty, self-discipline and having personal honor and integrity during the drills.

For more information on Bible Drill or our team, you may visit our website:

Bible Drill Planning Calendar

August

Registered Bible drill group leaders may receive the new cycle of information for the current church year by the middle of August via email, website, or letter.

- Pray about the possibility of providing Bible Drill in your church.
- When you have decided to begin Bible Drill, please register your church group by emailing our office at bible drillspeakers@gmail.com and letting us know your church name, Bible Drill leader, and preferred email address. This allows us to keep you updated with information for your Bible Drill year. You will be added to the Bible Drill database to receive future mailings with the information required for progressing to the Associational and Regional Drills.
- Decide which translation your church will use for Bible Drill.
- Download the Bible Drill verse cards at <https://bible drillandspeakers.com/>
- Order resources to help you and the youth prepare for Bible Drill. You will need approved Drill Bibles (see the website for a list of approved Bibles) and verse cards downloaded from our website.
- Begin your Bible Drill year as the school year resumes. (August is our recommended time, but churches can begin through the end of the year.)

September

- Touch base with your Association. Let them know you will have a Bible Drill Group and obtain the date and location for the Associational Drill. Plan your Church Drill date at least one week prior to your Associational Drill.
- Visit our website for Regional Drill Dates and locations.

January

- Registered churches will receive an email by February 15 with the information on how to register for the Regional Drills.
- Enlist and train your judges, and timekeepers before the Church Drill. (Download the Judges Guide and have them view our Judge training videos.)

March/April

- Conduct the Church Drill before the scheduled Associational Drill to determine who will advance to the Associational Level. (Drillers with a score of 180 or higher)
- Contact your Association and update them on your qualifying drillers.
- Register qualifying drillers for the Regional Drill by the deadline for your desired location. (Drillers with a score of 225 or higher.). See our website for locations and registration information: <https://bible drillandspeakers.com/>
- Recognize all participants and leaders from your church for their work in Youth Bible Drill.

If you have any questions about any Bible Drill procedures, please refer to the current GA Youth Administrative Guide or contact us: bible drillspeakers@gmail.com.

Visit the website for Bible Drill at <https://bible drillandspeakers.com/>

Youth Bible Drill

Purpose

The purpose of Youth Bible Drill is to help youth in grades 6 through 9:

1. Increase their knowledge and love of the Bible and to use this knowledge in living their life with Christ.
2. Develop skills in locating Bible books and Scripture verses.
3. Memorize verses dealing with doctrinal and ethical concerns.
4. Develop skills in the proper handling of the Bible.

Students may participate in Youth Bible Drill for a total of 3 years ONLY. Youth Bible Drill is composed of three numbered cycles which rotate over a three-year period. The youth should use the current cycle resources distributed by Georgia Baptist Bible Drill and as posted on our website:

<https://bibledrillandspeakers.com/>

Each youth who participates in Youth Bible Drill will:

- Learn the names of and be able to locate the 66 books of the Bible in their proper order.
- Be able to locate any given verse in the Bible.
- Recognize phrases from and be able to locate the ten verses listed under the Identifying Verses Drill in the current Youth Bible Drill resources.
- Be able to locate the Bible verses for each doctrinal statement listed under the Doctrinal Drill in the current Youth Bible Drill resources.
- Be able to locate, and quote from memory, the Bible verses for each question listed under the Bible Answers Drill in the current Youth Bible Drill resources.
- Respond to each call of the drill within 8 seconds.
- If a youth participates in Youth Bible Drill for three years, he or she has the opportunity to learn 60 Bible verses, 30 Doctrinal Statements, and the names and sequence of the 66 books of the Bible. They also learn to use scripture to answer life questions and to be able to locate Scripture verses and passages quickly.

Eligibility

Youth who are in grades six, seven, eight, and nine for the current church/school year are eligible to participate. Options for your church/group:

6th-8th grades – This option is often used when 6th graders are a part of the Student Ministry.

7th-9th grades – Our traditional age bracket that many churches have traditionally used.

6th-9th grades – This option offers the most flexibility for your church or group. Some students may

begin as a 6th grader, while others begin as a 7th grader. Students can choose which 3 years they will participate in Youth Bible Drill.

Register As a Bible Drill Church

When you have decided to begin Bible Drill, please register your church group by emailing our office bibledrillspeakers@gmail.com and letting us know your church name, Bible Drill leader, and preferred contact email address.

How to Begin

Each church **must** use approved Drill Bibles.

The Bible translation choice must be made before Bible Drill training begins. For more information on ordering approved Bibles, visit our website: <https://bibledrillandspeakers.com/>

Available Resources

1. **Youth Bible Drill Administrative Guide** is needed for each leader and judge who leads or scores a drill. Copies of the ebook may be downloaded at <https://bibledrillandspeakers.com/>. Provide copies for your leaders as soon as your Bible Drill class begins and for the judges at least one week before the drill.
2. **Children's Bible Drill Videos** - These videos are instructional and useful for training leaders and judges in proper Bible Drill procedures. Even though it is for Children's Bible Drill, Youth Judges will find it informative. It's available on our website or by using these links: <https://vimeo.com/255804589> and <https://vimeo.com/255806945>
3. Visit <https://bibledrillandspeakers.com/> frequently for updates, resources and other important information.
4. **Youth Bible Drill Verse Cards** in the current years drill cycle may be downloaded at <https://bibledrillandspeakers.com/>
5. (Optional) Youth Bible Drill Leader's Guides for each cycle and Youth Bible Devotional books are available through Georgia Baptist Bible Drill and Speaker's Inc.
6. **Fall Church Email** informs church leaders of current drill cycle and State Bible Drill dates and locations. It also includes helpful information for getting the church Bible Drill ministry off to a good start.
7. **Winter email**- contains information on registration information for Regional Drills. A church must administer a Church Bible Drill to determine qualified drillers for participation in the Associational Bible Drill. Contact Georgia Baptist Bible Drill and Speakers, Inc. for any additional information.

Levels of Progression

Each year, Bible drillers progress through these levels of competition: Church, Associational, Regional, and State drills

CHURCH (Homeschool/Christian School) DRILL

This drill should be conducted before an audience of interested persons. Schedule this drill one or two weeks before the Associational drill.

Youth who participate in a Church Drill and score a minimum of 180 points in a Church Drill are eligible to participate in an Associational Drill. The person in charge of the Church Drill should notify the Associational office or the Associational Bible Drill Coordinator of the names of all the youth who qualified for the Associational Drill.

It is suggested that every youth who participates in a Church Drill should receive recognition from the church. Some suggested ideas are a certificate, medal, or pizza parties in their honor. Some churches have adults who sponsor each youth, encouraging them throughout the year.

ASSOCIATIONAL DRILL

The Associational Bible Drill is held at a time and place designated by the Associational Bible Drill Leader after consultation with the Associational office. The leader of this drill should be the Associational Bible Drill Leader or another knowledgeable Bible Drill leader. Associational Drills should be scheduled one or two weeks before the Regional Drill. Drillers who score a minimum of 225 points in an Associational drill may advance to the Regional drill.

Every driller in an Association Drill should receive some kind of recognition from the Association and/or sponsoring church/group.

Upon completion of the Associational Drill, Church leaders should, register all drillers qualifying for regionals at <https://bibledrillandspeakers.com/>.

YOUTH REGIONAL DRILL

Our Youth Regional Bible Drills are held at a time and place designated by Georgia Baptist Bible Drill and Speakers, Inc. (*See our website for dates, locations, and times for the Regional Youth Bible Drills and registration deadline*). Youth are registered for the Regional Bible Drill by their church Bible Drill Leader. Youth who score a minimum of 270 points at the Regional Drill may advance to the State Drill. Each driller who participates in the Regional Bible Drill receives a certificate from Georgia Baptist Bible Drill and Speakers, Inc. Youth who have drilled at the Regional level for 3 years as a youth driller or for six years total (3 years in Children and 3 years in Youth) will receive special recognition.

Upon completion of the Regional Drill, Church leaders should, register all drillers qualifying for State at <https://bibledrillandspeakers.com/>.

STATE DRILL

Youth Drillers scoring 270 or higher at the Regional Drill may participate in the State Drill. Drillers who receive a perfect score of 300 in the preliminary drill will receive a perfect score award and advance to the Final Drill-off. The Final Drill-off determines the overall state high scorer who will be our State Winner. The winner of the Final Drill-off will represent Georgia at Nationals. The State Winner may participate in future years in the State Youth Bible Drill Preliminary Drill, but may not participate in any future State Final Drill-offs in this age bracket. (They are eligible to receive the perfect score award from the Preliminary Drill.)

NATIONAL YOUTH BIBLE DRILL INVITATIONAL

The highest scorer from our State Drill receives an invitation to participate in the National Youth Bible Drill Invitational, sponsored and administered by the Southeastern Discipleship Group of participating Baptist State Conventions. The locations for the National Youth Bible Drill Invitational are announced in January each year. A driller may participate at the Nationals level only ONE time for youth and ONE time for high school.

Divisions of a Drill

The five types of drills are to be completed in order, as shown. Each drill section is to be completed before proceeding to the next section.

BOOK DRILL -- 5 calls, 3 points per call

The Caller gives the name of any book of the Bible (Example: Exodus). After the command “Start”, the driller finds any page in the book called, places the index finger on the page and steps forward. If called on, the driller gives the name of the book preceding the book called, the name of the book called, and the name of the book following the one called. (Example: Genesis, Exodus, Leviticus). Participants have 8 seconds to respond to the call.

SCRIPTURE SEARCHING DRILL -- 5 calls, 3 points per call

Verses are taken from any part of the Bible. The Caller announces a Scripture reference to be found. After the command “Start”, the driller locates the Scripture reference, places the index finger on the verse and then steps forward. When called upon, the driller reads the verse and states the correct Scripture reference. Participants have 8 seconds to respond to the call.

IDENTIFYING VERSE DRILL -- 5 calls, 4 points per call

The Caller quotes a portion of a verse taken from the list of Identifying Verses Drill verses on the current Youth Bible Drill verse card. It could be any part of the verse, first, middle, or last. A Caller should quote enough of a verse to provide the driller with a reasonable clue about which is the expected verse. After the command “Start”, the driller locates the verse in the Bible, places the index finger on the verse and then steps forward. When called upon, the driller reads the entire verse and states the Scripture reference. Participants have 8 seconds to respond to the call.

DOCTRINAL DRILL -- 5 calls, 5 points per call

The Caller announces a doctrinal statement taken from the Doctrinal Drill list on the current Youth Bible Drill verse card. After the command “Start”, the driller locates the verse listed for that doctrine, places an index finger on the verse and then steps forward. If called upon, the driller states the doctrine, gives the Scripture reference, and reads the verse. Participants have 8 seconds to respond to the call.

BIBLE ANSWERS DRILL -- 5 calls, 5 points per call

The Caller announces a question taken from the Bible Answers Drill list on the current Youth Bible Drill verse card. After the command “Start”, the driller locates the verse listed that answers the question, places an index finger on the verse and then steps forward. When time is called, the leader instructs the drillers to close their Bibles. If called upon, the driller quotes the question, states the Scripture reference, and recites the correct verse. Participants have 8 seconds to respond to the call.

Drill Commands

PROCEDURAL NOTES: The following apply to all the drill commands.

- Time Limit: 8 seconds
- Drillers hold their Bibles during the entire drill.
- Callers pause between the call and the “Start” command. During this time ONLY may a driller ask for the call to be repeated.
- When the Caller calls on a driller, all drillers not called upon must remain in position with eyes on the Caller or on their Bible until the respondent is finished
- The driller has the option of giving the reference at the beginning of the response or at the end. The reference must be given correctly at least once to complete the call.
- When searching the Bible, the index finger, rather than any other part of the hand, is used to indicate the Scripture’s location.
- When called on, if the designated reference spans across multiple pages, drillers may request permission to turn the page before responding.

Commands during a drill are given in the following order.

ATTENTION - Stand straight, both arms at the sides, one foot not extended in front of the other, and eyes focused on the Caller until the command “Start” is given. The Bible is held at the side (in either hand) with the Bible’s spine down, and the hand under the spine.

PRESENT BIBLES – Following the “Present Bibles” command, bring the Bible to the waistline, parallel with the floor. Genesis may be facing up or facing down. Drillers place one hand on top of the Bible and one hand under the Bible, no fingers extending to the spine or around the edges.

The Caller then announces the call.

START - This command is the signal for driller to begin searching in their Bibles. It is a mistake to begin searching before this command is given.

TIME - Timing begins immediately after the command “Start” is finished. The timekeeper calls out “Time” at the end of eight seconds. *The stopwatch begins on 0 and is stopped when it clicks over to eight.* No one may step forward after the timekeeper calls “Time”, and all drillers immediately stop searching in their Bibles.

The Caller calls on one driller by number who gives a response. The other drillers remain in position with eyes focused on the Caller while the one called upon responds.

CLOSE BIBLES - During the Bible Answers Drill only, after “Time” is called, all the drillers are instructed to close their Bibles. The Caller then calls on one driller to respond from memory.

THANK YOU - Acknowledgement given to a driller after a correct completed response. If a driller gives an incorrect response, they may have a chance for a second attempt. If they do not want to try again or still give an incorrect response, call on another driller for a correct response.

Note: The Caller acknowledges any drillers who have raised their hand (an admission of error), by saying “thank you number _____.”

ATTENTION - Close the Bible if it is open, return it to its original position at the side, and take one step back.

Administration of Drills

The following leaders are needed to administer a youth drill: a Caller, a timekeeper, three regular judges, and a bonus judge. The Caller or Bible Drill leader may serve as The Bible Drill Event Coordinator.

- A stopwatch (or timer on a phone) is needed for the timekeeper.
- No more than 12 drillers should participate in a formal drill. If more drillers are involved, provide multiple drills. (Example: six in one drill and seven in the second drill)
- Whereas in a church drill, all drillers use the same Bible translation, in an Associational, Regional or State Drill, other translations may be included.
- In a Youth Drill the correct answers from each of the regular judges are totaled and added together. A perfect score would be 300 not counting the bonus points. Bonus points are awarded by the bonus judge.

Translations: Drillers will use the same translations in a Church Drill. In an Associational Drill, different translations may be combined in one drill. Check the website: <https://bibledrillandspeakers.com/> for translations approved for use in a GA Bible Drill.

Special Accommodations

Please notify us at the beginning of your Bible Drill year if you have any drillers who have special needs or exceptions that need to be granted during the State Drill. This will allow us to work in advance with that driller, your church, and the judges in a way that will best meet the needs of that individual. Modifications to the drill are not intended to put the driller at an unfair advantage, but rather to allow him/her to participate.

Special needs include learning disabilities, hearing impairment or deafness, vision impairment or blindness, being in a wheelchair, etc. Send an e-mail (bibledrillspeakers@gmail.com) or a letter to Maria Brannen’s attention - Georgia Baptist Bible Drill and Speakers, Inc. – 1044 Monticello Drive, Monroe, GA 30655. State the driller’s name; the church’s name, the leader’s name and contact information, which drill location they will be participating in and the nature of their special need. Feel free to share any other information that may be vital to us in working with the driller.

Even if the driller has participated before in Bible Drill, or if you have talked to someone previously, you will still need to send in this letter in order that we have an accurate record. The deadline to submit this to our office is by **January 31**. If other special needs arise closer to the drill, such as a broken arm or leg, please contact our office at the earliest possible date and let us know so we can be prepared for the needs of your driller.

It may be necessary for individuals to provide documentation of impairment (hearing, vision, speech, motor, etc.).

Calling The Drill

BEFORE THE DRILL the Caller / leader should:

- Create and print out a call sheet for the drill (list of the calls).
- Place a strip of masking or painter's tape on the floor to serve as the line behind which the drillers should stand.
- Make a set of numbers 1 through 12. Register the youth to assure that all their personal information is correct. Place a number on the right side of each driller's chest.
- Before beginning the drill, meet with the drillers to instruct them about the drill process. Discuss the six types of mistakes and answer any procedural questions. Give a practice call to acquaint drillers with the voice and timing of calls by the caller. (*See the appendix for the pre-drill briefing*).
- Meet with the judges to read aloud and discuss the six types of mistakes to be recorded. Give judges their score sheets and a copy of the drill. Judges record the drillers' responses on the score sheet under their corresponding number. (*See the appendix for the pre-drill briefing. Download a score sheet from our website.*)
- Instruct judges to sit where they will have a clear view of all the drillers. The judges should not sit side by side, but spread out.

DURING THE DRILL

- Line up the drillers in numerical order, facing the audience. If combining translations, it is recommended to group same translations together.
- It is assumed that all drillers who have stepped out have the correct answer.
- Questions by the driller must be asked before the Caller gives the command "Start". Raising their hand at this time during the drill is not an error.
- After "Start" is given and once all the drillers have stepped out, call on a driller, even if 8 seconds have not yet passed.
- Every driller should be called on at some time during the drill. Whenever possible, callers should try to call on drillers an equal number of times
- Do not always call on the driller who is first to step out.
- The Caller should allow enough time between calls for the judges to accurately mark the score sheet.
- If a driller gives an incorrect response, they may have a chance for a second attempt. If they do not want to try again or still give an incorrect response, call on another driller for a correct response.

AFTER THE DRILL

- Each driller, regardless of their score, should receive a certificate or some type of recognition.
- Encourage youth who qualify for the Associational Drill to continue their training in preparation for that drill. Following the Associational drill, encourage those who qualify to continue their training for the Regional Drill.
- Questions or concerns by parents, leaders, or drillers should be addressed to the Drill Coordinator before or after the drill. No parent, leader or drillers should question or express concern to a drill judge.
- The church drill leader is responsible for registering qualifying drillers for the Associational Drill. The church leader will also register all drillers qualifying for Regional or State drills at <https://bibledrillandspeakers.com/>

JUDGING THE DRILL

These rules are the standards which all Bible Drill groups use to ensure uniformity in procedure, while teaching, training, judging and conducting the drills.

- All judges watch and score all the drillers. Regular judges record the drillers' responses on the score sheet under the driller's corresponding number. The Bonus judge awards one bonus point each to the first driller they see step out for each call. If two or more drillers step out at the same time, judges score a bonus point for each. It is recommended that a bonus point judge also marks who steps out second and third. If a driller steps out first, but then answers incorrectly, he/she loses the bonus point(s) for that call and the person who stepped out 2nd receives the bonus point. Mistakes are listed on the bottom of score sheet. A perfect score would be 300 without any bonus points. This score is determined by each judge adding the points for each correct answer given. The scores are then tallied and the bonus points added. This is the final score for the driller.
- Only one mistake can be scored against a driller on any one call.
- Judges should give the benefit of doubt to the drillers, but should not lose credibility by ignoring errors.
- Judges should watch for the mistakes listed on their score sheet. Judges are to look for the following mistakes:

MISTAKES

A driller receives no points if:

1. Driller fails to step forward within eight seconds. Drillers who are in forward motion when time is called should not stop and step back but continue to step forward. The judges will determine if the driller has stepped out in time.
2. An incorrect response is given. If a driller realizes a mistake in quoting, he may start over. A caller may also ask if the driller "would like to try again." When a driller has stepped out and realizes he is in error, whether called upon or not, he is to raise his hand to indicate his error to the judges. Once acknowledged by the caller, the driller should lower their hand and remain standing in that position. They will not be asked to respond to that call.
3. Searching in the Bible before the command "Start" is given.

4. Driller fails to stand straight or keep his eyes on the Caller until the command “Start” is given. Any behavior which may disturb or distract other drillers, such as sliding or jumping forward, looking at other drillers, etc. is inappropriate and may be counted as an error.
5. Driller steps forward before the index finger is on the correct response. It is also a mistake if the driller has used the thumb or any other part of the hand, rather than the index finger, to indicate the located scripture in the Bible.
6. Failure to hold the Bible correctly (with one hand flat on the top and one hand flat on the bottom with no fingers/thumbs extending over the edges) when the call “Present Bibles” is given. Abuse in handling the Bible is never correct. Examples of abuse in handling the Bible are:
 - Holding the Bible with the spine up while at attention
 - Carelessly dropping the Bible
 - Slamming the Bible shut
 - Opening or holding the Bible in a way that breaks the spine
 - Excessive noise while turning pages
 - Slapping pages

AFTER THE DRILLS

- Following the drills, the judge team will be dismissed to tally the scores in a private setting.
- **When scoring the drills**, Using the *Youth Bible Drill Judges’ Tally Sheet*, the judge chairman adds the scores of the three regular judges and the bonus point judge. This is the final score.
- Judges do not show or discuss score sheets with anyone. Once finished tallying the scores, hand the results over to the Drill Coordinator.

TARGET SCORES

Church Drill	a score of 180 or more points may advance to the Associational Drill.
Associational Drill	a score of 225 or more points may advance to the Regional Drill.
Regional Drill	a score of 270 or more points may advance to the State Drill.

APPENDICES

Caller's Pre-drill Briefing for JUDGES

- 1. Introduce yourself, the judges and timekeeper.**
 - Express appreciation for their service.
- 2. Distribute folders**
 - Folders should have a copy of the call sheet, the correct number of score sheets plus one extra, a couple of sharpened pencils, and a tally sheet per drill for the judge chair.
- 3. Timekeeper**
 - Stopwatch: does it work properly? (or may use timer on iPhone)
 - Begin timing only after you hear the Caller say the last 'T' in the command "START". Allow full 8 seconds before calling "TIME", but not more.
 - Speak distinctly and calmly, not making drillers nervous by speaking too loudly or hastily.
 - Sit where you can be heard by the judges and drillers (not necessarily the audience).
- 4. Regular Judges**
 - Sit where you can see all the drillers but will not distract their attention from the Caller.
 - All judges judge all drillers.
 - Score only mistakes. Only one mistake per call.
 - Give the drillers the benefit of doubt if you are unsure. We want to maximize success and demonstrate and teach grace.
 - If driller is in motion when "TIME" is called, give them credit for responding.
 - If all drillers step out before the allotted time you do not need to call 'TIME. The Caller will automatically call on someone.
 - The Caller will scan for eye contact between call and "START" to allow drillers or judges to react to any problem with the call, or to request that call be repeated.
- 5. Remember...**
 - Proper way to hold the Bible (Bible is supported by spine during ATTENTION, fingers must not extend over edge during PRESENT BIBLES)
 - Eyes *must* be on the Caller until the command start if given. After a driller steps out, their eyes can be on the caller or on their Bible throughout the drill.
 - Noisily handling the Bible or any behavior that might damage the Bible is an error.
 - Index finger must be in place and driller looks up before stepping out.
 -

6. After the drill ...

- Judges must retire to the designated judges' room to review and tally their scores.
- Procedure for tallying the scores
- Recognition procedure
- If approached by drillers afterward, refer them to the Event Drill Coordinator.

7. Pray for judges' concentration, and accuracy...

Caller's Pre-drill Briefing for DRILLERS

- 1. Introduce yourself to the drillers.**
- 2. Bathroom check. Gum out.**
- 3. Remember....**
 - Proper way to hold the Bible (Bible is supported by spine during ATTENTION, fingers must not extend over edge during PRESENT BIBLES)
 - Eye contact with Caller must be maintained throughout the drill.
 - Noisily handling the Bible or any behavior that might damage the Bible is an error.
 - Index finger must be in place before stepping out.
 - If driller is in motion when "TIME" is called, DO NOT STOP OR STEP BACK, it's the judge's job to determine whether to count it as an error, not yours.
 - If all drillers step out before the allotted time the Caller will automatically call on someone.
- 4. Honesty:** Raise hand if you realize you didn't know the correct answer.
- 5. Eye contact:** The Caller will scan for eye contact between call and "START" to allow drillers to react to any problem with the call, or to request that call be repeated. It is not an error to raise your hand at this time.
- 6. Do a Sample call from each section to allow drillers to warm up and become familiar with the voice of the caller.**
- 7. Bibles provided:** Leave your own Bible with a leader or parent.
- 8. Any Questions?**
- 9. Pray for drillers' concentration, accuracy, speed and patience with themselves.**
